

Policies and Procedures - Athletes

Name:	Approved:	Replaced:
Priority Ranking List Policy (Sprint)	November 2014	

1.0 Introduction

Based on the philosophy of the previous pages CKBC has developed the following priority ranking list. This list will be used to select athletes for a number of programs including the PacificSport Programs and the Athlete Assistance Program.

Both PacificSport (formerly the Bronze Card Program) and the Sport Branch of the Provincial Government (Athlete Assistance Program) have developed their own ranking lists. Where possible, CKBC has tried to integrate the rankings.

The delivery of certain programs is also limited by the parameters established by provincial funders and the national sport organization. Athletes that are age eligible for the Canada Games or Western Canada Games Programs may receive more directed services than those that are not.

Where applicable, an athlete's placing within a listed item will be used to resolve ties before moving to the next list item. A ranking does not necessarily indicate support by any specific program. Resources are limited and will be spread as far down the list as is possible with the restrictions placed upon us for each program.

2.0 Canadian Development

- a) Level 1
- b) Level 1A

Athletes – ranked by age group and then by time above the standard

3.0 Provincial Development

- a) Level 2
- b) Level 3

Athletes – ranked by age group and then by time above the standard

4.0 Provincial Athlete Level

- a) Level 4
- b) Level 5

Athletes – ranked by age group and then by time above the standard

5.0 Canada Games / Western Canada Games Squad / Team

Athletes – ranked by age group and then by time variance from standards

* Nomination for Canadian, Provincial and Provincial Athlete levels are contingent upon athletes attending age-appropriate National Championships.
